**TRAFFIC BEFORE**

**TRAFFIC TODAY**

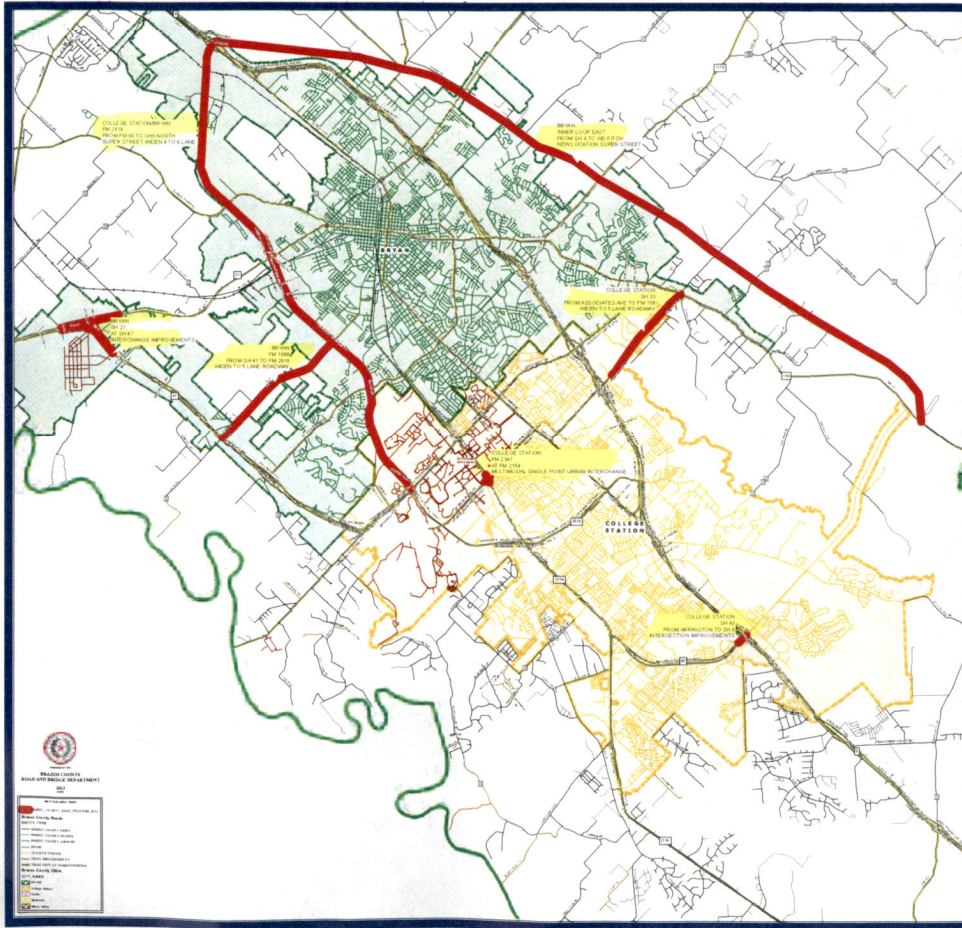

# IT WILL ONLY GET WORSE UNLESS WE ACT NOW!

# Better Roads • Won't Raise Taxes

## VOTE FOR PROP A & B

In the last 10 years, Brazos County has grown 19%. With this growth, our roads have grown more congested, leading to longer commutes and delaying our first responders headed to emergencies.

**Prop A** will fund vital improvements to widen, resurface, and upgrade roads and bridges throughout our community. This will increase safety, reduce traffic, and divert cross-county travelers away from our schools and neighborhoods.

**Brazos County consistently runs a fiscally conservative budget** that has earned a 'AA' Bond rating from Standard and Poor's. This means the county has a great credit score and pays less in interest rates on its debt. More importantly, the county can service the bond through its current operating budget while lowering the tax rate.

**Prop A** will allow the local investment in infrastructure projects to be leveraged for significant state funds to improve local roads. The Texas Department of Transportation (TxDOT) has more demand for projects than it has the resources to fund. Projects with local funds invested move up the priority list.

**Prop B** will enhance transportation funding through the Brazos County Regional Mobility Authority (BCRMA) with a small vehicle registration fee. This will ensure local residents have a direct seat at the table for state and federal transportation funding decisions.

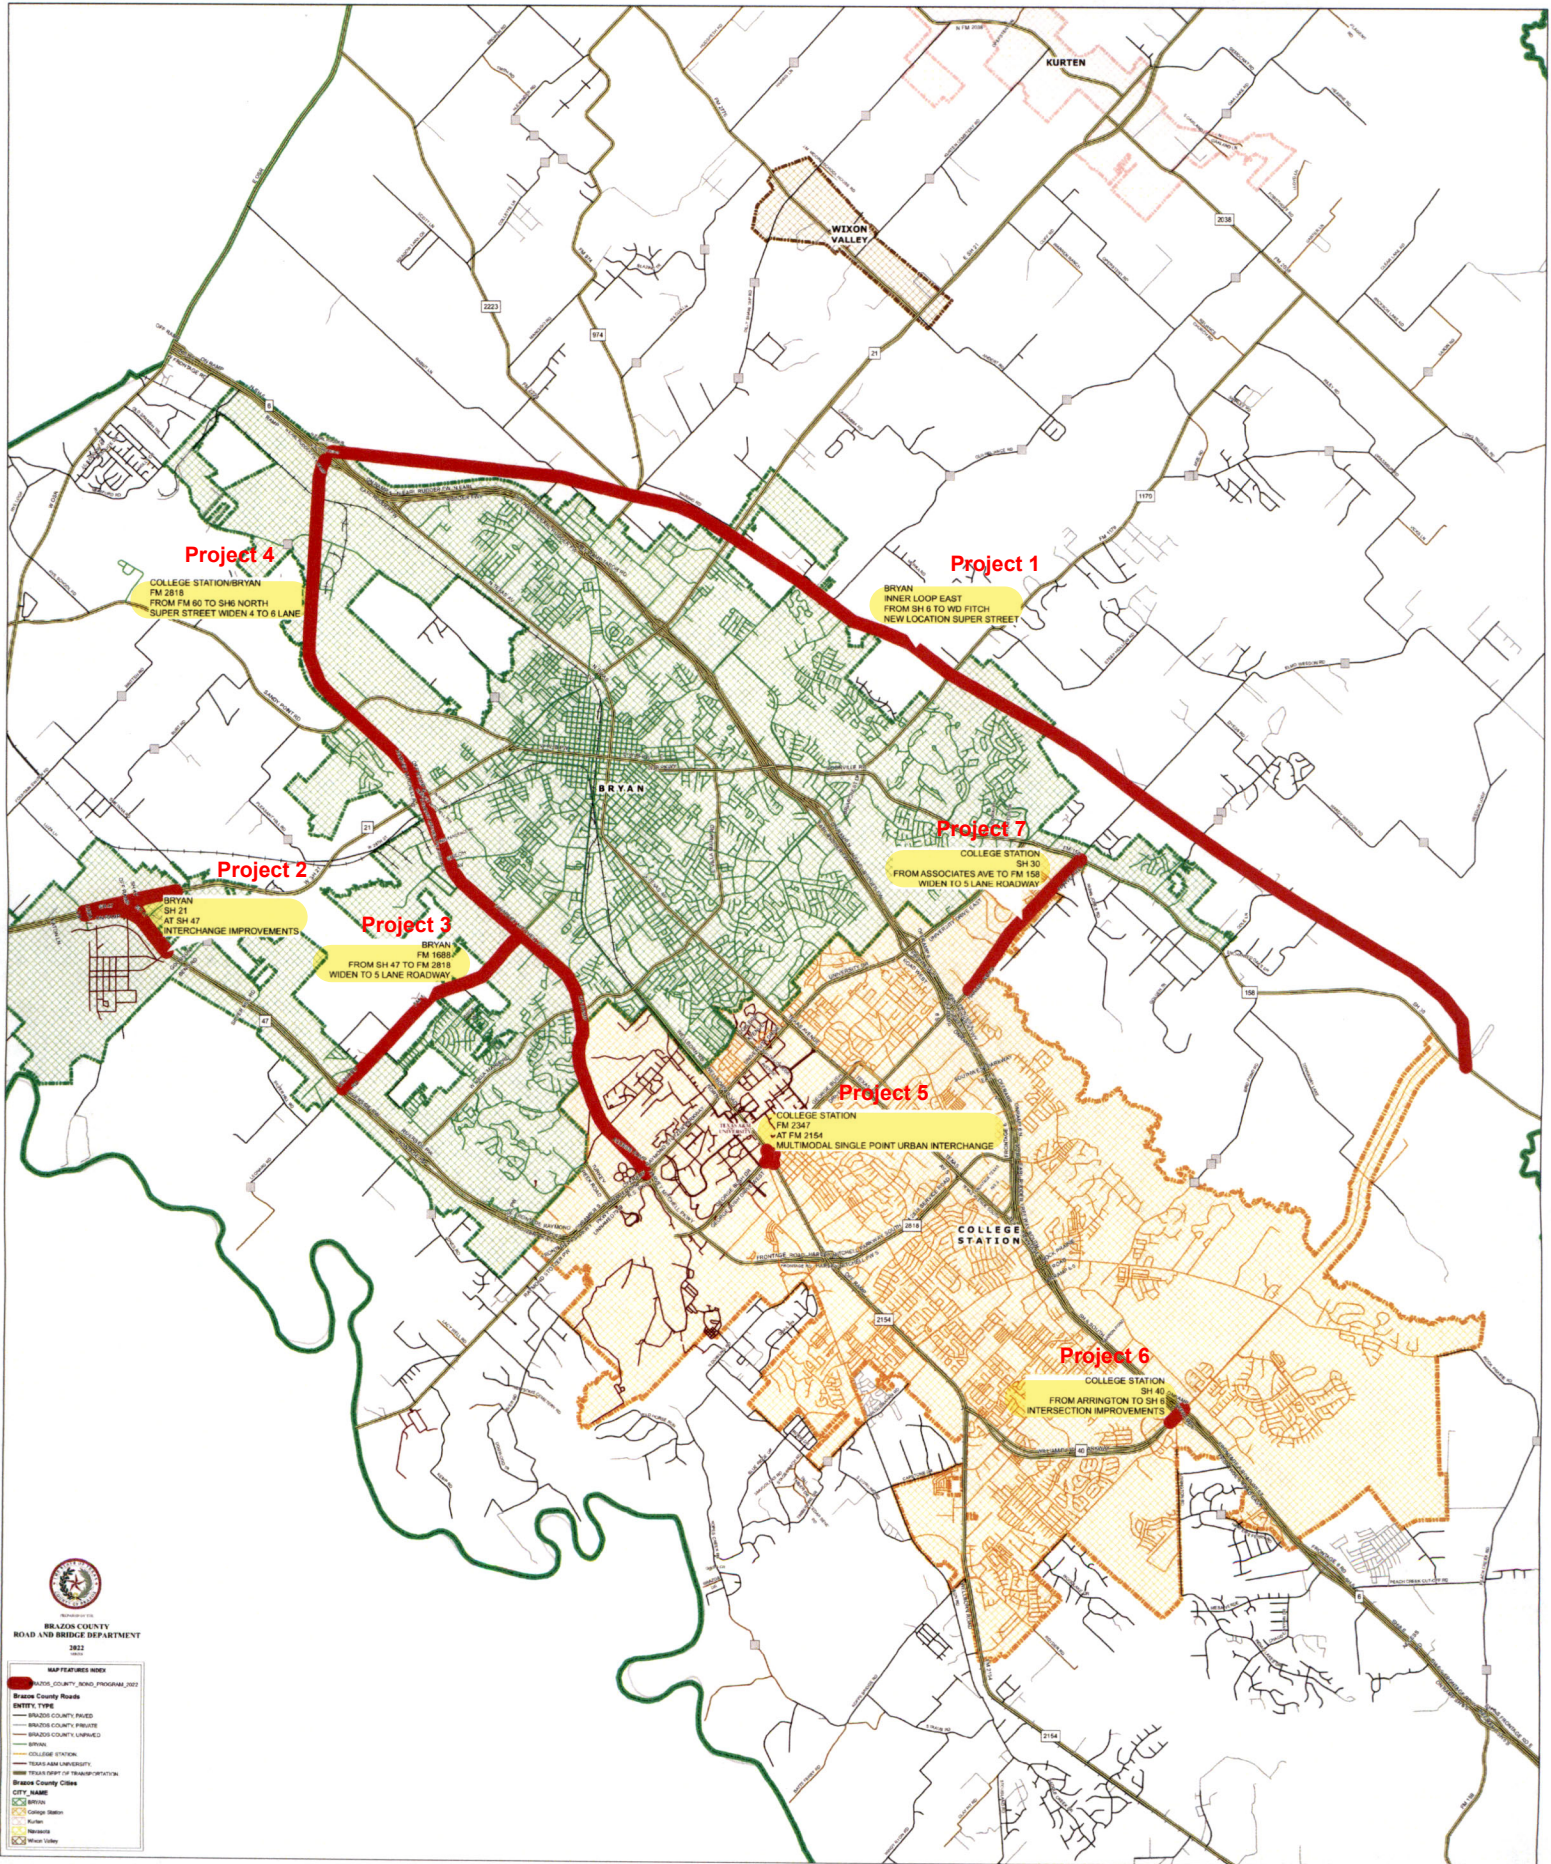

The BCRMA Board is made up of local residents that have years of experience working on Brazos County transportation issues that impact our quality of life. The BCRMA works in close collaboration with TxDOT, City of Bryan, City of College Station, and Brazos County.

**Vote for Prop A & B on November 8th to keep our excellent quality of life in Brazos County.**
